from Friday 2 February to Sunday 14 April 2024

Exhibition at the Fulgor Palace - Fellini Museum on a selection of Federico Fellini's sketches that belonged to Liliana Betti

On show a selection of the Maestro's fund of sketches that belonged to the writer Liliana Betti, his historical collaborator, and since last year deposited by the Ministry of Culture at the Fellini Museum.

Overall, the fund is made up of 109 autograph drawings and 7 postcards, some containing drawings, also signed by the filmmaker, dating back to the period in which Betti collaborated with Fellini, from the mid-1960s until the film 'La città delle donne' in 1980. Around thirty are caricatures by Betti herself and there are several portraits of collaborators and sketches of characters for films. The exhibition, which displays a selection from the Fund, is organised in collaboration with the Ministry of Culture Regional Directorate Museums Emilia-Romagna.

And please stop crying – Photographic exhibition dedicated to Giulietta Masina

from Thursday 22 February to Sunday 14 April 2024

Mostra fotografica al Palazzo del Fulgor - Fellini Museum

Italo Calvino spoke of a 'Masina zone' in Fellini's cinema, referring to that dimension of the Rimini director's imagination that most recalls the circus and its figures. Of those figures, Masina was the most inspired and gifted interpreter: she possessed their lightness, vitality, grace and candour.

With *La strada*, in 1957, Fellini won the first of his five Oscars and at only 37 years of age he entered the Olympus of the greats of cinema, but it was Giulietta Masina with her interpretation of Gelsomina who conquered and moved audiences all over the world.

Charlie Chaplin recognised her affinity with his Tramp, and among the spectators in those distant 1950s was a young Argentinean named Mario Bergoglio who, decades later and having become Pope in the meantime, would remember that character whose gaze "knows how to capture in winter what is already spring".

Only one year goes by and Fellini wins his second Oscar with *Le notti di Cabiria*. Again Giulietta Masina as the protagonist, perhaps in the role she most loved and in which she perhaps most recognised herself. To her, whom Fellini often portrays in *The Book of Dreams* with the features of a fairy, the Fellini Museum dedicates a photographic exhibition.

Seventy years after *La strada* and just a few weeks after the thirtieth anniversary of her death, from Thursday 22 February till Monday 1 April, 34 photos from the Penzo and Reporters Associati / Fondazione Cineteca di Bologna archives is on show on the second and third floors of the Palazzo del Fulgor. These 34 photos come from the sets of the seven Fellini films in which Masina starred: in addition to the two films already mentioned, there are also *Luci del varietà*, *Lo sceicco bianco*, *Il bidone*, *Giulietta degli spiriti* and *Ginger and Fred*.

Rimini, stage finish for Tour de France 2024

29 June 2024

Rimini among the four cities in Emilia Romagna involved in the Grand Départ of the Tour de France 2024

In 2024, Tour de France, the most important cycling competition in the world and one of the top three international sporting events, will start from Italy and Rimini will be the first of the finishing stages on the peninsula. In fact, Emilia-Romagna will be the protagonist of the 2024 edition of the Tour, with the three stages Florence-Rimini, Cesenatico-Bologna, and Piacenza-Turin. In all, over 600 kilometres will be running in Italy, from Piazzale Michelangelo, the heart of Florence, to Turin, the first capital of Italy, crossing Emilia-Romagna and the Via Emilia, the ancient consular road that runs through the region from Rimini to Piacenza. A tribute to Italy in the footsteps of the myth of Bartali, Pantani and Coppi, on the centenary of the first Italian winner of the Tour in 1924 with Ottavio Bottecchia, the first Italian to wear the yellow jersey.

On 29 June, the yellow caravan will set off from Florence, to cover 205 km, passing through the Apennines, Valmarecchia upto San Marino and reach the finish line by the sea in Rimini. The race will continue with the other two Italian stages, Cesenatico-Bologna on 30 June and Piacenza-Turin the following day.

An extraordinary sporting event that is expected to have over 730,000 spectators only in Emilia-Romagna and television coverage, much of it live, in 200 countries, representing the third most-watched sporting event in the world.

Many will be the initiatives that will be carried out in the single territories, collateral to the Tour: from the attractiveness of the territories themselves to the promotion of cycling and mobility on two wheels up to the involvement of young people and schools.

Pink Night 2024

5 - 7 July 2024

'Weekend Dance' is the claim of the 19th edition of the summer New Year's Eve: La Notte Rosa

The Notte Rosa is back, dressing pink the whole of Romagna for three days.

The 'New Year's Eve' of the summer, the great celebration of the Riviera, reaches its nineteenth edition. The entire coastline, with its beating heart in Rimini, will be coloured pink from dusk to dawn in an explosion of lights, sounds and images, a widespread event with music, dance, shows and magical scenery. And as usual, on Friday night at midnight, the fireworks display will color the sea and sky simultaneously all over the Riviera.

The claim of this edition is "**Weekend Dance**", which will transform Romagna into the largest dance floor in Italy. It will be a Pink Night in the sign of dance in its thousand forms and meanings: from folk rhythms to sports dance, from country to ballroom dancing, from disco dance to hip hop, from rock to indie hop, passing through the world of clubbing and discos. Among the initiatives: the story of the Romagna dance district that was so popular in Europe in the 1980s and 1990s, exhibitions on the history of dance on the Riviera, on DJs, and on the future of music. A step-by-step dance journey that begins with one of the symbols of Romagna in the world: the great tradition of ballroom dancing, a true soundtrack of Romagna, an enduring myth that unites generations far away in time. In the year that celebrates the 70th anniversary of 'Romagna Mia', a pillar in the history of Italian and Romagna music, an emblem of the combination of music and dance, live performances and flash mobs, the Pink Night will focus on the celebration of Liscio, the ballroom dancing, its protagonists and its orchestras.
