Fenix Trophy

Saturday 11 and Sunday 12 June 2022

A revolutionary international sporting event: the Amateur Champions League in the name of friendship

Take eight teams coming from 7 different European countries. Set them side by side in a UEFA-approved

international tournament with groups and a Final 8. It is not the Champions League but the FENIX Trophy that was born as an idea during the pandemic to unite, connect and share. "Making Friends, not millionaires" is the slogan of presentation, embraced by 8 realities of European amateur football, including two Italian: Brera FC, the Milanese football club that promoted the event, and AS Lodigiani football 1972. For all the matches of the FENIX Trophy, it is expected that the home team will offer an all-round welcome to the opponents. For once, the amateur case is not only a means to get closer to professionalism, but an opportunity to develop projects that are not only related to the results on the field. The current football system sees the 5 main European leagues as a point of arrival. As you move down a level, the clubs are increasingly poor and left to themselves, and due to this, they are willing to do everything to get to the top: money becomes a priority. The participating teams blacklist the word "commodification," and "Making Friends" becomes the watchword with this project.

A mission that is a true manifesto of football disconnected from the big business. The FENIX is an invitation tournament, more for the affinity of feelings, friendship, and values than for conquest on the field. The teams

represent 7 European countries: Italy, Spain, Poland, Germany, the Netherlands, the United Kingdom, and the Czech Republic.

The trophy symbol is a phoenix, the legendary creature that rises and regenerates from its ashes. FENIX is also an acronym that encapsulates the hallmarks of such competition. F stands for Friendly, E for European, N for Non-professional, I for Innovative, and X for Xenial, from the Greek ??????, which refers both to the concept of foreigner and hospitality.

The Tournament consists of 2 groups of 4 teams. While the group stage is scheduled in May, the Final 8 will take place in Rimini on 11 and 12 June. The first teams will compete with each other, and the second, third and fourth will do the same until drawing up a final ranking. All the clubs will meet in the same headquarter, also supporting several charitable activities in accordance with a stable partnership at the beginning of the season.

The Pink Night 2022

From Friday 1 to Sunday 3 July 2022

"Pink & Love" is the claim of this edition

Now in its 17th edition, the Pink Night returns on the first weekend of July, coloring pink the whole Romagna for three days.

A program full of events starting from the great concerts in the squares and the fireworks show at midnight on the evening of Friday 1 July, the celebration of dawn with concerts by the sea or in the hills, to which are added cultural and entertainment events throughout the weekend. To enrich the program, the initiatives to enhance the food and wine excellences, revisited in a pink key.

Among the novelties of 2022, **the final day of Sunday dedicated to wellness**, physical activity, taking care of oneself.

"Pink & Love", is the claim of the edition of the Pink Night 2022, which reinterprets the universal message of Peace & Love, through new images, colors and icons: P as a positive thought, I as an encounter, N as nature, K as keep calm (and smile of course!), L for freeing the imagination, O for optimism, V for vitality, E for empathy. In this acronym lies all the strength and passion that animate Romagna, a land that always welcomes with a smile, makes you feel good, transmits optimism and a desire for lightheartedness.

The symbols of "flower power" are transformed, revisited, in the most contemporary language of stickers and emojis to communicate emotions, needs, messages, ways of being, memories, experiences, travels and encounters, to be shared on social networks and on the web.

In Rimini, this edition of the Pink Night promises to be richer than ever, spread over 4 days with an entire weekend of live performances with great musical performers. A preview on June 30th, with the return of the **ballroom dance Grand Prix** in the name of the Romagna tradition, **two days of concerts in Piazzale Fellini** and at midnight precisely, after the Friday concert, the usual **midnight fireworks show** that constitutes one of the most anticipated moments of this magical night. On the morning of Sunday 3 July, on the Riminiterme beach, the traditional **Concert at Dawn** of the Pink Night by **Fabrizio Bosso and Raphael Gualazzi** is staged (5.00 am) in the splendid setting of the sun rising over the sea.

The Archaic Mass and Mystical Songs by Franco Battiato

Sunday 3 July 2022

Special preview of the 73rd edition of the Malatesta Music Festival

It was October 1993 when Franco Battiato presented his Archaic Mass for the first time in the Basilica of San Francesco d'Assisi, a sacred composition symbolizing the intense spiritual journey that accompanied the artistic career of the Sicilian singer-songwriter. A work that, with its Mystical Songs, represents the testimony of that incessant intimate and musical research, to which the Malatesta Music Festival for its 73rd edition chooses to pay homage with a special and precious preview.

An original production that sees the renewal of the collaboration between Sagra Musicale Malatestiana and Ravenna Festival, and which is proposed as the first of a series of events that anticipate the new season of one of the oldest Italian music festivals.

For the tribute to Battiato, three soloists who have worked alongside the singer-songwriter and who now pay homage to his vast artistic production, such as Simone Cristicchi, Juri Camisasca and Alice, who together with the mezzo-soprano Cristina Baggio join the Bruno Maderna Orchestra and the Choir of the Siena Cathedral "Guido Chigi Saracini" on the Rimini stage.

Cartoon Club - XXXVIII edition

From Monday 11 to Sunday 17 July 2022

International Festival of Animation Films, Comics and Games

The Festival returns to Rimini, as usual in July. For its XXXVIII edition, the Festival will celebrate **Diabolik's 60th anniversary**, with exhibitions, meetings and shows.

The theme of the 2022 edition is the **Environmental Emergency**, with numerous initiatives all dedicated to protecting the environment.

The Festival touches the most evocative places in the city of Rimini. The historic center, with the very central Piazza Francesca da Rimini, hosts the screenings of the short films in competition, the Augustinian court hosts premieres and awards; the City Museum, the central point of the Festival, is revived by exhibitions, meetings, workshops, master classes and special projects; the square on the water in front of the historic Tiberius Bridge inaugurates a real village dedicated to children and families with dedicated events. From July 14th to 17th, let's return to Piazzale Federico Fellini in Marina Centro, where the traditional village is set up for the comics market exhibition, with a large stage for concerts and performances of the Cosplay Convention; the Palazzo del Turismo is the venue for meetings with authors and professionals, while the beach will come alive with highly original live drawing performances

The news of this year is the birth of **Joy Rimini**, the show dedicated to games and pop culture in the pavilions of the Rimini Fair from 15 to 17 July, promoted by Italian Exhibition Group and Fandango Club Creators in close collaboration with Cartoon Club. A synergy born from the awareness that Cartoon Club is a reality of our city recognized and appreciated by all.

José Gonzalez

Saturday 3 August 2022
Percuotere la mente: section of the Malatesta Music Festival dedicated to contemporary music
The section of the 73 Malatesta Music Festival dedicated to contemporary music, Percuotere la mente, proposes the music of José Gonzalez, a Swedish musician of Argentine origin.
After his last work in studio, "Local Valley" he finally returns to Italy, stopping in Rimini.
Local Valley, Gonzalez says, "was born as a natural consequence of the various styles I have explored over the years. I promised myself to write songs with the same characteristics: short, melodic and rhythmic, a mixture of classical folk songwriting and pieces with influences from Latin America and Africa. It is a work that goes beyond the previous ones but no less personal. On the contrary, I feel more comfortable than ever in saying that this record reflects me and my thoughts in this moment".

La Vita Dolce/Sweet life

From Friday 1 July to Tuesday 30 August 2022

Photographic exhibition on the beach of Rimini

An exhibition that is structured along several kilometers of beach and that tells the most intimate and hidden Rimini, through some of the black and white photographs by Gianni Donati and Pio Sbrighi. The photographic exhibition unfolds a step away from the seashore and is divided into five chapters, through which the city of Rimini is told with nostalgia, irony, clarity of mind and imagination. To the photographic narration are added phrases, quotations, reflections of the authors and anecdotes from Romagna. Images of a Rimini whose secrets belong entirely to those who live there, which are divided into sections dedicated to a variety of characters from Rimini's daily life, universal archetypes in which to recognize oneself, including lifeguards, bathers, fishermen and children. A "pop" path, light without being superficial, where the images chat with the context in which they are located, the beach of Rimini, an icon of seaside tourism and a universal destination for fun and lightheartedness.

The photographs are taken from the volume by Gianni Donati and Pio Sbrighi, Rimini di Pietra, Nuvole and Sale, a volume that tells another Rimini in 200 black and white shots, to which the famous Rimini author Marco Missiroli contributed.

PERL_ ARTE - The exhibitions at the Palacongressi in Rimini

From Saturday 12 March to Friday 30 September 2022
Photographic exhibition by Davide Conti at the Convivio space
Davide Conti, visionary photographer or, as he likes to call himself, "irregular modern painter", exhibits his works at the Convivio Space of the Palacongressi, with a message that draws inspiration from the concept of courage. Davide Conti's images are inspired by Shibari art, mythology and culture, in a constant contamination between painting, figurative arts, graphic design and photography.
Images characterized by an allegorical representation of the human figure, dominated by intense colors like red and purple or contrasting like black and white.
Works that hide a thousand cultural and emotional references and that can be subjected to multiple interpretations, in an infinite game between the public and the author.
The exhibition by the Bolognese artist is part of the PERL_ ARTE project - The exhibitions of the Palacongressi of Rimini, which the Italian Exhibition Group promotes in collaboration with Art Preview, Augeo Art Space and the Rimini gallery owner Matteo Sormani.
The Convivio space and the exhibition are open on the occasion of the events taking place at the Palacongressi. The artist's works can be visited by appointment.

Exhibition by the twelve finalist

At PART, Rimini's Palazzi dell'Arte, the new biennial recognition for young Italian art under 40 called the PART Italian Artists Award. The initiative was born from an idea of Patrizia Sandretto Re Rebaudengo and Giuseppe Iannaccone, in collaboration with the Municipality of Rimini and the San Patrignano Foundation. The aim is to support emerging Italian contemporary art and to contribute to increase the Collection, through the acquisition of a work by the first three awarded artists.

The young finalists chosen by the selection committee composed of Edoardo Bonaspetti, Lucrezia Calabrò Visconti and Francesco Garutti, are 12 (Benni Bosetto, Costanza Candeloro, Caterina De Nicola, Binta Diaw, Lorenza Longhi, Beatrice Marchi, Diego Marcon, Daniele Milvio, Margherita Raso, Andrea Romano, Giangiacomo Rossetti, Davide Stucchi). They are the protagonists of an exhibition within the PART, which remains visible to the public for four months. Visitors to the PART can express their preferences, using a form available in the exhibition, which is added to that of the selection committee. Even the girls and boys from San Patrignano Community can assign their preferences.

The three winners will be announced during a public ceremony at the end of the exhibition (Saturday 1 October 2022).
